Andrew,

I just wanted to thank you once again. I feel I will be doing this the rest of my career, or really even for the rest of my life. Your scripts for the 4<sup>th</sup> of July worked like a charm. I used them and got several call backs and a listing. This is someone who I had been calling for some time and they finally decided to call me back after hearing your script! I sold 5 homes last month, closed 1 this month already, have 2 under contract, and am anticipating 2 more offers in the next few days. My life has absolutely changed and I have you to thank for it. I have just hired an assistant as I have reached the point where I am so busy I can't handle it all on my own. I have waited for this day and it is here. THANK YOU, THANK YOU, THANK YOU!

Forever grateful!!!
